

Equipment Management

Centralize your vehicles, parts, small equipment and tools in one holistic solution while ensuring accountability across your team.

Gain complete visibility with seamless equipment management

Eliminate manual equipment tracking and stay one click away from data like equipment details, issues, location, purchase information and much more. View a complete history of who has been responsible for your equipment and link equipment to the vehicles they travel in each day so you know where your assets are at all times.

The screenshot displays the Fleetio web interface. On the left is a dark blue sidebar with navigation links: Dashboard, Vehicles, Equipment (selected), Inspections, Issues, Reminders, Service, Contacts, Vendors, Parts & Inventory, Fuel History, Places, and Documents. The main content area is titled 'Equipment' and shows details for 'Pressure Washer 2299'. It includes tabs for Overview, Issues, Assignment History, Linked Vehicle History, and Location History. The 'Details' tab is active, showing a table with fields: Name (Pressure Washer 2299), Linked Vehicle (—), Brand (Simpson), Model (PS3228-S), and Serial Number (NVOOEKTPQ16B). To the right, the 'Assignments' section shows the current assignee as 'Eddie Johns' with a timestamp 'Since 1 minute, 13 seconds ago' and an 'Unassign' button. Below this, there is a 'Scan to Check In/Out' section with a QR code and a 'Print Labels' link. The top of the interface features a search bar, a filter dropdown set to 'All', and notification, help, and add icons.

Gain control of your equipment and improve visibility

Efficiently track the equipment your organization relies on with a simple and effective solution. Manage and resolve issues, check in/out equipment and view a complete audit trail of equipment activity to keep your team accountable.

Streamline accountability tracking and gain visibility into who is currently using your equipment and which vehicles they are linked to, helping you and your team increase equipment productivity.

Leverage Fleetio Go to manage, add and assign equipment from anywhere. Use barcode/NFC scans to add or edit equipment details and record location entries.
