Ford Pro™ Bundle: Power and Productivity

Working together, Ford Pro™ Telematics with Dashcam* and Ford Pro™ Fleet Management Software** give you a better understanding of your fleet, including the total cost of ownership and what's going on with your vehicles in real time. These deeper insights can help you improve uptime and increase profitability. Let's look at each:

Ford Pro Telematics with Dashcam

- Vehicle health and location tracking
- Recall information/Diagnostic Trouble Codes
- Driver behavior data
- High-quality footage with OEM-grade data

Ford Pro Fleet Management Software

- One centralized platform for vehicle data
- OEM-recommended service reminders
- Digital vehicle inspections and forms
- Consolidated maintenance billing

Let's have a conversation about the Ford Pro solutions that work best for your fleet. Call me today!
