

Ford Pro™ Telematics* Powers Productivity

Compatible with all makes and models, Ford Pro Telematics provides real-time OEM-grade data on an easy-to-use dashboard. Here are some of the benefits:

- Improve uptime using Vehicle Health Alerts to stay on top of maintenance
- Optimize efficiency by scheduling service directly in the application
- Monitor fuel consumption to help manage costs
- Know fleet locations with GPS tracking and geofencing
- Coach drivers using data insights on safety belt use, speeding, harsh acceleration or braking, and more

* Available on vehicles with embedded modem or equipped with approved plug-in device (PID). May require modem activation. Ford Pro Telematics and Ford Data Services require a purchased subscription. Terms and conditions apply. Telematics service and features, and access to vehicle data depend on subscription and compatible AT&T network availability. Evolving technology/cellular networks/vehicle capability may limit functionality and prevent operation of connected features.
